

As an Indiana citizen, I want to speak out against proceeding 02-278. I am very satisfied with our State's Do Not Call List and know that the effectiveness of this law will be diminished with preemption from the federal law. Other citizen's of this law, as well as myself, do not want our law preempted. I place a very high value on the quality time my family and I spend together. I have placed my name on Indiana's Do Not Call List because I do not wish to have that time violated by a privilous telemarketer trying to sale something. Please help support family values and say NO to those Indiana banks that wish to preempt our law. Thank you!
